Tasty Indian fare

After many years in the Indian restaurant business, Amardeep Singh took the exciting step of opening his own restaurant, Corianders, in early April and he has not slowed down since.

Amar is relishing the chance to be involved with all sides of the business and the satisfaction of providing quality food and friendly service in a fast-growing and changing area.

"I'm very, very pleased about my decision to come to Rolleston," he says.

He made a wonderful choice in bringing an Indian restaurant to Rolleston Square where not only locals, but many people from surrounding towns can enjoy a short trip for a delicious and reasonably priced meal.

Amar says about 40-50 per cent of people coming in are return customers with many coming all the way from Christchurch to enjoy his delicious range of traditional Indian fare.

"It's been going really well. Weekends are particularly busy." Numbers build up during the week towards bustling weekend evenings with couples, families and groups taking the chance to unwind with a bottle of wine and tasty curry.

Amar has hosted several large groups who take advantage of his special group deal. Diners get five different starters, the choice of three menu dishes along with rice and naan bread followed by tea or coffee and

the meal is rounded off with yummy icecream and chocolate for dessert for just \$30.20 per person.

Although not open for lunch, Corianders is able to open during the day for large group bookings or takeaways.

Feedback from customers has been very positive with some claiming they have become addicted to Corianders' delicious recipes.

Many comment on the consistency in the quality and flavours of the food which Amar puts down to the dedication and experience of his chefs.

Butter chicken and chicken tikka masala soon became the house favourites. Customers also enjoy the authentic decor and really appreciate the 10% discount he gives on takeaways.

Amar says the staff has developed a real sense of family in its short time together and he is still looking for over-18s to work in front-of-house.

Amar thanks all the people and businesses that have helped him realise his dream and sponsored this page. They are; Balars Food, Heat Pump Air Conditioning Ltd, Steven Bates Builder, Gerald Decorating, Brook Electrical, The Design Team Ltd, Staybrite Stainless and Brinks South Island Ltd.

Visit Corianders' easy-to-use and informative website at www.corianders.co.nz.
